Dear Chris:

A couple of months ago at the HMD Annual Stakeholders meeting you met one of my colleagues that was working from Council President Wesson (Isaac Burks) - at the time he was following up on a matter regarding one (1) parking meter located at the south east corner of Mahattan and 6th Street. The meter was successfully installed however it was not a 15 minute meter as requested (it was a regular meter that DOES NOT WORK). The inoperable meter is currently being occupied by a handicap vehicle. Can you please expedite this request for the following:

1. Please send parking enforcement to cite vehicle for over 72 hours
2. Replace meter to a 15 minute time frame

Thank you
